

Industrial Steam Cleaning

Industrial steam cleaning is a preferred choice thanks to:

- ♦ A greener solution using considerably less water
- ♦ Option for little or no harsh chemical detergents
- ♦ Temperatures that aid in sanitizing
- ♦ Mobile service for incident clean up / one time use or periodic maintenance scheduling for multiple locations

Replace hours of scrubbing
with professional steam cleaning!

Ex Environmental Inc. is **professionally trained and staffed for confined space entry**. Industrial applications may include steaming of:

- ♦ tankers
- ♦ trailers
- ♦ rail cars
- ♦ silos
- ♦ industrial equipment
- ♦ excavation equipment
- ♦ machinery
- ♦ engines and more....
