

GRAIN BIN SAFETY & RESCUE

American farms may be decreasing, but the size of farms are increasing and so are the storage bins. Let us help you promote safety.

Consider these opportunities for you and Ex Environmental to make a difference when it comes to unnecessary industry tragedies:

YOUR BUSINESS

- ◆ Grain Bin Safety
- ◆ Confined Space Training
- ◆ Employee Safety
- ◆ OSHA Compliance

YOUR COMMUNITY

- ◆ Grain Bin Rescue Training for your fire and rescue departments
- ◆ High Ropes Rescue Training for your fire and rescue departments
- ◆ UTV Off Road Rescue Training for your fire and rescue departments
- ◆ Grain Bin Safety Training for students in Ag classes, FFA, 4-H, etc.

YOUR PATRONS

- ◆ Grain Bin Safety
- ◆ Confined Space Safety
- ◆ Fire Extinguisher Refresher / FireAde
- ◆ Survival First Aid for remote areas

Why Ex Environmental?

- ◆ Hands-on learning for real life situations.
- ◆ Elite trained instructor experience to train your local rescue departments.
- ◆ Passion to teach and refresh grain bin safety for farm hands of all ages.
- ◆ Based out of Hudson, Wisconsin; training on-site nationwide.
- ◆ When it comes to safety awareness for your employees, farmers, students, and rescue staff, why wouldn't you call Ex Environmental?

Contact Ex Environmental today to discuss a program that allows you to step up and make a safety difference in your business, community, and with your treasured patrons: 800-485-9109 or info@exenvironmental.com
